

BITUDECK 7,5CM X 10M

- ◆ INCREASES THE DURABILITY OF THE DECK
- ◆ SELF-ADHESIVE
- ◆ RESISTANT
- ◆ EASE OF USE
- ◆ SPECIALLY DESIGNED FOR LAMINATED TIMBER JOINTS

◆ Self-adhesive bituminous waterproofing strip to protect wooden joists

Self-adhesive bituminous waterproofing strip for protecting wooden joists. The bitumen wraps around the screw at the point of penetration into the joist to preserve the waterproofing. Extends the life of the joists and the structure. 1.5 mm thick strip. Width 75 mm. Length 10 m. Strong adhesive power on the substrate. HDPE inner side. Resistant to tearing, deformation and temperature variations, -20°C / +70°C. Complies with the requirements of DTU 51.4.

◆ Environment

LIFETIME	> 20 years
GHG EMISSIONS	0.04 (GES)
RECYCLED MATERIAL	Bitume
END OF LIFE RECYCLABILITY	0 %

BITUDECK 7,5CM X 10M

◆ Characteristics

Main material	Bitumen elastomer
Way of installation	To glue
Material thickness (mm)	1.5
UV resistant	oui
Resists temperature variations	oui
Categorie FELIX	Fasteners
